CHELMSFORD & ESSEX HOSPITAL & DISPENSARY

Report of the Committee For the Year 1947

To be presented at the ANNUAL GENERAL MEETING to be held in the BOARD ROOM, CHELMSFORD HOSPITAL, London Road, Chelmsford, on Tuesday, July 13th, 1948, at 3.30 p.m.

GENERAL

Report of the
Committee.

The Committee have pleasure in presenting their 129th Annual Report. The Government has produced its Bill for a National Health Service, and it is possible now to form an idea of what that Scheme involves.

It is difficult, however, to refrain from expressing the doubtful necessity or wisdom of taking over the Voluntary Hospitals, with their property, endowments, buildings, equipment, etc. One is certainly far from believing that after 800 years of magnificent service to the community, and to the development of Medical Science, the Voluntary Hospitals have so far failed that entire nationalisation remains as the only remedy or means of improvement.

There would seem to be no room for Contributory Schemes or Organisations, as they function now, to take part in the National Health Service, except perhaps in a minor way ; and it is grievous to think of the loss to the community of so great an opportunity for voluntary service, as has been provided through these great schemes, without which the Voluntary Hospitals could not have carried on their noble work. That the financial loss can be replaced by taxation is, of course, obvious, but the loss of the personal, humanitarian interest of so many hundreds of thousands of voluntary workers and their influence for good, cannot be estimated or replaced.

There will be general agreement that we must carry on as effectively as possible during the critical interim period, realising that, for some 129 years, this Hospital

has played a not unworthy part in the maintenance of the Hospital services of this area and, furthermore, it has prepared the way, educated public opinion, and provided a wealth of experience and data for those who are now to bring about this tremendous change in our social life.

Many of our subscribers and donors have been asking about the effect of the National Health Service on the financial situation. The new service is expected to come into operation in July, 1948. From that date responsibility for the maintenance of hospitals will rest with the Government.

The Government have made it clear that hospitals will be allowed to receive and retain control of money subscribed for special purposes not connected with day-to-day maintenance.

The most important of these objects is to give the patients and staff those little extras which mean so much in life, and in hospital, also there will be extra appliances and equipment required which donors or organisations can present to their own hospital, and finally monies can be received and earmarked for the improvement and enlargement of their hospital.

It is hoped that the following paragraphs will show that contributions by the public to our funds can do much to preserve the atmosphere of contentment and friendliness among patients and also the staff. We believe that this must be preserved whatever else may change. We are confident that it can be preserved with the help of those who share our belief in its value.

It has always been the aim of this Hospital to afford our patients those extra comforts which are sometimes overlooked in large institutions, but which can contribute towards the patients' recovery and make for their happiness during treatment : flowers, books, newspapers, writing materials, are examples of the objects to which money may be directed.

The Committee's policy has always been to provide the best possible conditions for the nurses and staff. There are many things apart from essential equipment which must be bought and maintained in order to ensure that the conditions under which they work and live are of the highest standard. It is only in this way that those

who work long hours in wards and treatment rooms, kitchens and corridors, and operate the whole machinery of a modern hospital can give of their best as a selfless, contented team in the service of our patients.

Alderman Charles Key (while Parliamentary Secretary to the Ministry of Health) said, "It would be difficult to over-estimate the debt which the Health Service of this country owed to voluntary effort, especially in hospitals. The Voluntary Hospitals had rendered immeasurable service. It has been said that the merging of the Voluntary Hospitals into a single comprehensive scheme must discourage voluntary work and private generosity, but the reverse is the case. Benefactors should not be put off, for this valuable outlet for benevolence will be made more attractive by the knowledge that money given to hospitals need no longer be used for their general expenditure ; it can be devoted to special purposes—to the forwarding of medical knowledge, or to the comfort of the patients."

The Lord Chancellor said : "Treasury control always has to be rigorous. It is right that it should be. After all, we are all taxpayers, and we expect to see that where possible, money is saved. The running of a hospital on strict lines means that many little comforts and amenities will not be provided, although they will be provided if those who are charitably disposed come forward as they have done in the past."

The Committee hope, therefore, that their many friends on whose generosity they have depended in the past for the entire cost of maintaining this Hospital will appreciate that their help is still needed, in ways which will influence and benefit the future treatment of our patients, and maintain a tradition built up during the many years of continuous service.

The work during the year has been very satisfactory, and some extremely interesting cases have been cured. The wards and clinics have been working at a high pressure the whole year.

The outstanding event of the year was the opening of the new Dining Room. This building has been under construction for over a year, and the Hon. Mrs. Maynard Greville, President of the Carnival Committee, officially handed over the building to the Management Committee on November 1st. The Carnival Committee

paid for the whole building, and the Contributory Scheme Committee furnished it. The Committee cannot express too much their thanks and appreciation to the members of these two committees.

In- and Out-Patients.

The work continues to grow in every department, and cases have been received from every part of the area covered by the Hospital.

It was pointed out in the last report that the Ministry has been approached regarding the enlargement of the Out-Patient Department. The scheme has now been approved, and it is hoped that the congestion in this department will be overcome in the near future.

Figures showing the work done in all departments are given below :—

Annual
Subscriptions.

The Annual Subscriptions for the year have been well maintained, and the Committee trust that they will be continued and if possible increased and allocated to the purposes as mentioned at the beginning of the report.

They wish to express their most grateful thanks to subscribers for their kind help.

Library.

The library is a great boon to the patients, and the Committee much appreciate the untiring efforts of Mrs. H. M. Fletcher and Miss F. C. Hart, who so kindly act as Honorary Librarians. Their help in this direction is of great value. The Committee would like to appeal for books, whether old or new, for the library.

Visiting Staff.

There have been no changes on the Visiting Staff during the year. The Committee records its great indebtedness to the members of the Visiting Medical, Surgical and Dental Staffs, for the high standard of their work, and their unremitting care of the patients. The rapid growth of the work of the Hospital has made an ever-increasing call upon their services, to which they have responded in a manner which deserves the highest praise.

Resident
Medical
Officers.

The Committee again records its appreciation of the valuable services of the Resident Medical Officers, and their loyal co-operation in all matters concerning the welfare of the Hospital.

Nursing, X-Ray,
Physiotherapy,
Dispensing and
Laboratory
Staffs.

The Committee wishes to place on record its sincere gratitude to Miss Clark, Matron, the Assistant Matron, the Sisters and Nurses for their constant care and skilful attention given to the patients, and to those not so much in the limelight, namely, the X-Ray and Physiotherapy Departments, the Dispensing and Laboratory Staff and others.

Administrative
and other Staffs.

Thanks are accorded to our Secretary, Mr. R. G. Morrish, who always has the welfare of the Hospital in his thoughts, and to the willing and able staff that work under him.

Thanks to Em-
ployees, etc.

Service.

The Committee wishes to tender its most grateful thanks to Mrs. C. W. Alford, Miss E. Wells and Miss B. Turtle, also members of the V.A.D., for the valuable work they have performed during the year in connection with the Blood Transfusion Service. This essential work has been the means of saving many lives. It would also like to express its most grateful thanks to all donors who have so willingly come forward.

Personal
Service.

Thanks are accorded to :—

The Clergy and Ministers, who have so kindly visited the patients from time to time, and for the services regularly held in the Hospital.

The Press, who have been of great assistance in publishing reports, descriptive of the Institution's work.

The Members and Officers of the Chelmsford Town Council, and of other local bodies, for assistance they have rendered to the Hospital in many ways.

The large number of Societies and Individuals who have sent gifts and entertained the patients from time to time.

The Chelmsford Police and Chelmsford Fire Brigade, and to the St. John Ambulance Brigade for their attendance upon and transport of patients and relatives following road and other accidents.

The Teachers and Children of the Schools for their collections.

All Donors who have during the year sent gifts of flowers, fruit, vegetables, game, provisions, toys, etc.

Matron's
Christmas Sale.

At the latter part of the year the Matron again appealed for her Christmas Fund, and through the generosity of those who contributed she was able to provide extra fare for the patients and staff.

The Committee tenders its sincere thanks to Matron and all who assisted.

Linen League.

During the year, the Linen League has done a very great deal of most useful work, and the Committee cannot express too fully its appreciation of the help received from the Ladies of the League, especially Mrs. Adolphus Matthews, Hon. Secretary, and Mrs. R. E. Pitts, Hon. Treasurer.

Ladies'
Committee.

The Ladies' Committee have held numerous functions during the year for the benefit of the Hospital, and the Committee would like to convey to them its heartfelt thanks.

Carnival
Committee.

A considerable sum of money has been raised during the past year as a result of the numerous functions held in various parts of the area. These functions without a doubt involve an enormous amount of work on the part of the organiser and Committee. The Committee sincerely appreciates the efforts of so many members of the community who have the interests of the Hospital at heart.

Contributory
Scheme.

The Scheme has now been in existence for 17 years, and during that time no less than £173,060 14s. 4d. has been collected in contributions. The organisers and

Everyone of us ought to think of **Our Hospital**, as a personal matter, and make some contribution to its well-being.

If we do not want it to-day we may to-morrow ; if never we shall still have the profound satisfaction of having **helped others.**

collectors have been very active during the year ; the membership has steadily increased ; and after allowing for losses through various reasons the year terminated with a total of 16,733 members. The Committee gratefully acknowledges the very excellent aid given by the organisers and collectors. Their reward is the satisfaction of knowing that they have helped a vast number of people to secure necessary hospital treatment without financial anxiety and, further, have enabled the Hospital to maintain its services fully and efficiently. The Committee would like to express its thanks to the Chairman, Mr. T. A. Allen, and Committee of the Contributory Scheme, for their valuable help.

In conclusion.

The Committee again desires to convey its gratitude to the many friends and subscribers for invaluable financial support given to the Hospital so generously during the past year.

This will be the last full report the Committee will present as a Voluntary Hospital, and it says this with sadness of heart and very many regrets.

It most sincerely appeals to all to continue their support in order that the patients have the best possible care and attention.
